Regarding Teen Kar Seng Application;

To Whom It May Concern:

Teen Kar Seng was a student of mine in the Berklee Online course "Game Audio Production with Wwise" during the Summer 2021 term. TK (as he asked us to call him) was not only outstanding in terms of meeting all the goals and deadlines of the class, but he also approached his work in an unusually creative way. His sound design and music composition skills are already at a very high level and I suspect those skills will only develop more. He was well liked by his class peers and was always available to help others in the group when needed. I recommend him highly and without reservation.

Sincerely,

A handwritten signature in cursive script that reads "George Oldziej".
